AMENDMENT OF ACREAGE ON OIL, GAS, AND HYDROCARBON LEASES *86*

It has been found that there are errors in the acreage amounts in the oil, gas, and hydrocarbon leases listed on the Great Salt Lake. These leases should be amended to show the corrected acreage as shown below. These leases are held by Amoco Production Company. That company will submit the additional rental.

ML 28717 should be 2562.00 acres rather than 2561.00 acres. Lessee should be billed for \$2.00.

ML 28590 should be 1343.00 acres rather than 1483.00 acres. Lessee should be billed for \$720.00.

Upon recommendation of Mr. Prince, the Director approved these amendments of acreage.

REQUEST FOR EXTENSION OF ML 26636 *87*

ML 26636 was approved November 3, 1969, for a term ending November 30, 1979. This lease covers All Section 32, Township 39 South, Range 25 East, SLM., San Juan County, Utah. The lessee is Jack J. Grynberg. Mr. Grynberg has submitted a letter dated November 26, 1979, requesting a 60-day extension of the term of this lease to allow Mr. Grynberg and The Superior Oil Company to commence the drilling of a well on this particular land. The Superior Oil Company has been conducting extensive seismic exploration activities in this area, but have not been able to process all of the data they have generated so that a well can be commenced in the proper location on this section, therefore, the request for the 60-day extension of this lease.

It would be in the best interest of the State to be able to take advantage of the seismic work which has been done on this lease and the surrounding area and to have a well drilled on this land. This area is fairly close to several new discoveries in San Jaun County and has a good potential for oil and gas production.

Upon recommendation of Mr. Prince, the Director approved this 60-day extension subject to the extension being presented to the Land Board for their confirmation at the December Land Board meeting.

REQUEST FOR APPROVAL OF THE HORN UNIT

Mr. L. C. Harris, operator of the proposed Horn Unit, has submitted this unit for approval by the State of Utah.

The Horn Unit is located along the Utah-Colorado State line in San Juan County, Utah, and Montrose County, Colorado. The unit area is directly east of La Sal, Utah. The unit area contains 17,974.78 acres of which 16,994.97 or 94.54 percent are Federal lands and 979.81 acres or 5.46 percent are State lands. The unit agreement provides that the unit operator will, within six months after the effective date of the unit, commence the drilling of a well of a depth sufficient to test the La Sal member of the Hermosa formation, but not to exceed a depth of 10,500 feet. This agreement is on the standard unit form, and it contains the necessary State lands provisions.

PAGE NO. 14

REQUEST FOR APPROVAL OF THE HORN UNIT CONTINUED

The following are the State of Utah leases in this unit:

ML 34275 Mountain Fuel Supply Company; ML 34636 L. C. Harris

These leases have been committed to this unit; therefore, upon recommendation of Mr. Prince, the Director approved this unit.

REQUEST FOR APPROVAL OF THE ROOSEVELT HOT SPRINGS UNIT,
BEAVER COUNTY, UTAH

Phillips Petroleum Company, operator of the Roosevelt Hot Springs Unit, has submitted this unit for approval by the State of Utah. The Roosevelt Hot Springs unit is a unit agreement covering the development of geothermal resources in the Roosevelt Hot Springs Area northeast of Milford, Beaver County, Utah.

This unit was approved by the United States Department of the Interior on April 19, 1976, but was never submitted to the State of Utah for approval because the lessees of the State leases had not committed their interests to this unit. Phillips has now submitted a Ratification and Joinder for O'Brien Resources Corporation, AMAX Exploration, Inc., and Thermal Power Company, the lessees under ML 25128, ML 27536, and ML 27839, which are the only State leases within the Roosevelt Hot Springs Area. The joinder of these leases to this unit will permit the logical development of the unit area and is in the best interest of the State of Utah.

This unit contains the necessary State provisions, and therefore, upon recommendation of Mr. Prince, the Director approved this Unit.
